Monarch, Bluestem, & Caudill Award-Nominated Books

We are nearing the end of one season of award-nominated books, and beginning another. These books are nominated either by students from Illinois, or educators/literary professionals from around the state. If students read the required number of books from each list, they will be able to vote for their favorite. Voting for Bluestem books will take place in the coming weeks. The books that receive the most number of votes will receive their respective award. Please check out my website for more information and news about these books.

- This was our introductory year of our One District – One Book program

Looking Ahead:
