

Welcome to the Schiesher Library Resource Center

Dear Parents,

My name is Mark Melka and I am the Library Resource Center Director at Schiesher Elementary School. I look forward to working with you and your child in our library!

Your child will check out a library book from our LRC to read and enjoy. Books are overdue if kept longer than one week, but no fine will be charged. The cost of replacing a lost or damaged book will be assessed. Help your child to be responsible with LRC materials by finding a safe place to keep books at home. Please note the book care rules below.

You can browse our collection of items on the internet at www.Lisle202.org → Hover your mouse on "Schiesher" and then click "LRC/Technology" to get more information about the library. This website also features the check out schedule, so you can see when your child should return his/her book. Please email me with any questions.

We are proud to promote the finest in children's literature, including fiction and nonfiction titles that support Common Core Standards. Students are welcome in our LRC every day to read and create as they become self-directed learners utilizing the newest technologies.

We are going to have a great year!
Sincerely, Mark Melka

Book Care Rules

Have clean hands.
Turn pages from the top.
Keep books in a safe place.
Keep books away from food, water,
markers, crayons, pets,
and younger siblings.
Use a plastic bag to keep
books safe and dry.
