Follow the directions included in the packet to download the Open eBooks app. Use your child's access code and PIN to download free popular and award-winning titles.

Summer is an excellent time for your child to explore their passions through books. We encourage you to visit the Lisle Public Library, www.lislelibrary.org, and enroll your child in the summer reading program beginning June 4th. Daily reading in the summer is the best activity for ensuring academic success in the fall.
